Ex.06 Book Front Cover Page Design

Date:26.4.2024

AIM:

To design a book front cover page using HTML and CSS.

DESIGN STEPS:

Step 1:

Create a Django Admin project.

Step 2:

Create an app in the Django interface.

Step 3:

Create a folder named 'static' in the app folder.

Step 4:

Create a new HTML file in the static folder.

Step 5:

Write the HTML code with relevant CSS properties.

Step 6:

Choose the appropriate style and color scheme.

Step 7:

Insert the images in their appropriate places.

Step 8:

Publish the website in the LocalHost.

PROGRAM:

```
<title>Book Coverpage</title> <style> h1{ color:rgb(255, 255, 255); } .bookpage{ width: 400px;
height: 610px;

        margin-left: auto;
        margin-right: auto ;
        padding: 20px;
        background-image: url('background.png');
        background-position: center;
        background-color: black;
        background-repeat: no-repeat;
    }
    .toptext{
        color:white;
        padding-left: 5px;
        font-size: 14px;
        font-family: Arial, Helvetica, sans-serif;

    }
    .tophr{
        color: orange;
         width: 180px;
    }
    hr{
        color: orange;

    }
    .booktitle{
        font-family: Arial, Helvetica, sans-serif;
        padding: 10px 10px 0px 10px;
        display: flex;
        align-items: center;
        justify-content: center;
        margin-right: 10px;
        margin-left: 10px;
        font-size: 20px;
        line-height:normal;
    }
    .author{
        color:white;
        display:inline;
        position:relative;
        font-family: Arial, Helvetica, sans-serif;
        display: inline;
        font-size: 20px;
        line-height: 2px;

    }
    .sub-text {
        color:white;
        font-family: Arial, Helvetica, sans-serif;
```
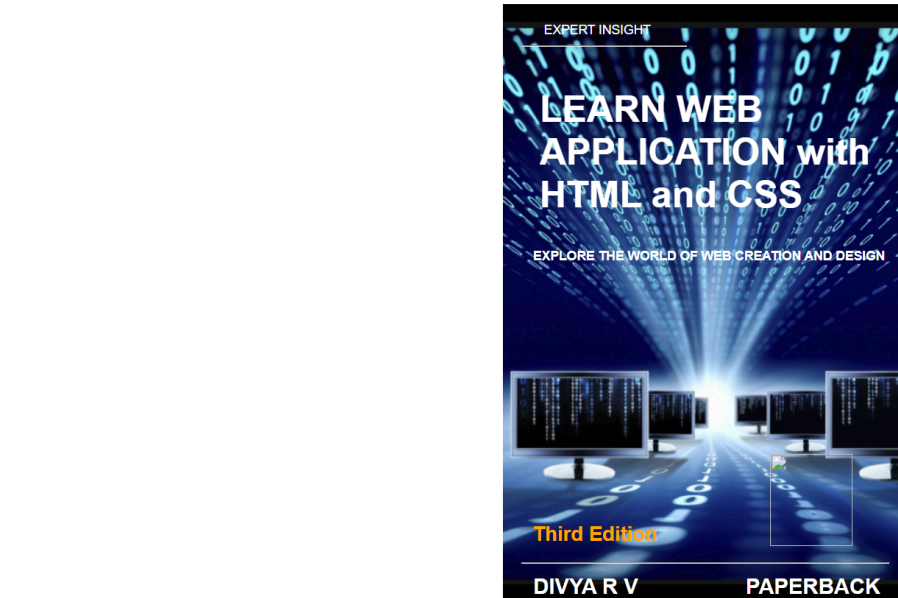

```
        display: flex;
        line-height: 5px;
```

margin-right: 1px; margin-left: 1px;

font-size: 14px; }

.footer { color:orange; padding-top:180px; } .image { color:white; font-family: Arial, Helvetica, sans-serif; font-size: 22px; margin-right: px; } .bottomhr { color: red; width: 400px;

} img { width: 90px; height: 100px; margin-right: 20px; vertical-align:bottom; } .edition { color:orange; font-family: Arial, Helvetica, sans-serif; font-size: 22px; line-height: bottom;

}

```
        </style>
        </head>
            <body>
                <div class="bookpage">
                    <div class="toptext">     EXPERT INSIGHT</div>
                    <div class="tophr"><hr></div>
                <div class="booktitle"><h1>LEARN WEB APPLICATION with HTML and CSS </h1></div>
                <h3 class="sub-text">   EXPLORE THE WORLD OF WEB CREATION AND DESI

                    <div class="footer">
                        <h2 class="edition">  Third Edition    &nb
                        <div class="bottomhr"><hr></div>
                    <div class="author"><h3>  DIVYA R V     &

                </div>
                </div>

            </body>
```

OUTPUT:

RESULT:

The program for designing book front cover page using HTML and CSS is completed successfully.
